CAREER OBJECTIVE

As an enthusiastic newcomer, I'm excited to apply my Full Stack Development skills, blending creativity with technical expertise to deliver high-quality solutions, and eager to contribute to innovative technology with proficiency in both front-end and back-end development.

PROJECTS

E-Commerce Website

- Created a responsive ECommerce website with React, Node.js, and MongoDB, featuring product browsing, detailed views, and an admin panel for managing products, orders, and users

Bank Application

- Created a React.js banking interface for easy navigation, enabling deposits, withdrawals, account creation, and data viewing. Used Node.js for efficient server-side processing and MongoDB for secure data storage .
